Alexandria, VA 22313-1450

RECEIVED

NOV 26 2003

Technology Center 2600

Dear Sir:

I, Irene Krumze, declare:

1. All statements made herein of my own knowledge are true, and all statements made on information and belief are believed to be true.
2. I understand that willful false statements and the like are punishable by fine or imprisonment, or both, and may jeopardize the validity of the application or any patent issuing thereon.
3. I am not related to Ms. Tena Youngblood by blood or marriage.
4. I reside at 17734 Orchard Avenue, Guerneville, California 95446.
5. I was a neighbor of Tena Youngblood when I obtained a portable motion sensing light from her.

6. The portable motion-sensing light has a sealed housing, a sensor, a lamp socket mounted on the sealed housing, and a power cord with an electrical plug on the end.

7. The electrical plug on the end of the power cord allowed the portable motion sensing light to be simply hung up and plugged in, without having to install any wiring.

8. The portable motion sensing light does not need to be installed on a utility box in a hole cut in a wall, which allows greater freedom of placement.

9. The portable motion sensing light is mounted to provide automatic illumination of the stairs leading to our outdoor balcony.

Mrs. Irene Krumze 10-30-03
